

Choc-Full Of Hope

In support of local cocoa farming communities, Harriston Chocolatier introduces its Malaysian-produced and harvested Single Origin chocolate bars. Named after the confections' places of origin, the Titiwangsa, Hulu Selangor and Raub bars boast distinctive taste profiles that reflect their respective locales. While the flavours in the Titiwangsa Single Origin and Hulu Selangor Single Origin range from sweet to spicy, the Raub Single Origin shows off a particularly unique fruity taste.
